RE: RESULTS OF SAUSAGE TREE EXTRACT ON CANKER SORES

Dear Mr. Schleipffer

A fifty year old, female patient came to see me last month suffering from severe facial canker sores which had been exacerbated by cauterization which had infected them.

A 50% solution of Sausage Tree Extract in vegetable based balm was prescribed and she was instructed to apply it three times daily.

Three weeks later, she presented at appointment with the canker sores completely cleared.

Yours sincerely
