

**To Whom it May Concern**

**I would like to thank all of you for a wonderful product in *KIGELIA SHAMPOO*. *I am now 66 years of age and I have had psoriasis for more than 40 years*. I have tried scores and scores of products over the years and while travelling to more than 100 countries on business I have never come across such a wonderful product. I now do not need any conditioner whatsoever and I can now go 3 days without treatment but do wash every other day with just a tiny drop first to wash the hair and then another like a follow up if you will.**

**My wife who is a Jarpie (me a Kiwi and the All Blacks are not so clever are they?) bought this in a market Sunday week ago in Buderim on the Sunshine Coast, Queensland from a Jarpie family!! Do you know how we can contact these people as we would like your other products as well. We were on holiday up there so we do not have their contact numbers or email.**

**I kid you not when I can say this is the most wonderful scalp treatment I have ever used and you can use this any way you so wish for marketing purposes.**

**In closing, if I was ever to go more than 2 days without using the other stuff my scalp would be raw, itchy, pimples etc. Now, it is as if I have a brand new scalp!!!**

**I await to hear from you and so many thanks once again.**

**Cheers**

**Ross**

**PS. My wife Marie told me the son of the family got on the soap box and told her this was something out of this world in his spiel!!!**
